

Orkin Actizyme™ Odor Neutralizer is a professional odor control service made especially for commercial establishments that helps eliminate airborne odors right at their source. Using an all-natural and non-toxic hybrid compound that is sprayed directly onto waste in garbage dumpsters, refuse areas and trash chutes, Orkin Actizyme™ Odor Neutralizer helps create a more pleasant environment, free of irritating and offensive odors.

While other products mask odors temporarily with ineffective perfumes, Orkin Actizyme™ Odor Neutralizer helps eliminate odor and odor-causing bacteria by physically altering the shape of odor molecules and increasing the breakdown of organic matter to help get rid of offensive odors. It's an environmentally friendly, exceptionally effective solution to odor control.

ODOR NEUTRALIZER

CONCENTRATE

1 gallon 5 gallon 55 gallon

DIRECTIONS FOR USE

Fill the 50-gallon barrel with 49.5 gallons of water and place as close as possible to the wall-mounted mister cabinet. Add the ½ gallon of bio-solution to the barrel last to avoid foaming.

Orkin Actizyme™ Odor Neutralizer is non-toxic, non-allergenic and biodegradable. It has a recommended shelf life of two years. Store at temperatures under 125° F/50° C.

Keep out of reach of children. If product splashes in eyes, rinse with water.

Manufactured for Orkin Commercial Services by Bio-Organic Catalyst Costa-Mesa, CA 92627. Distributed by Bio-Organic Catalyst of Canada, Inc. 877-845-6654 • www.bocc.ca
