SAFETY DATA SHEET

	Primary Eye Irritation Sensitization	May be irritating to eyes No applicable information is available
(b)	Signal word, hazard statement(s), symbol(s) and precautionary statement	No applicable information is available
(c) (d)	Other hazards Statement of the mixture HMIS® Rating	No applicable information is available No applicable information is available
	Health: Flammability: Reactivity: Protection: Safety Phrases:	0 0 0 No applicable information is available No applicable information is available
	UN Number:	No applicable information is available
	Classification of the substance or mixture	No applicable information is available
		For additional information on toxicity refer to Section 11.
3	Composition/Informati	on on ingredients
	Substances	The insect attractant lures do not contain ingredients in any quantity to be hazardous
(a)	Active Ingredients and Chemical Name:	Proprietary mixture of non-toxic food proteins and carbohydrates
(b)	Common names:	No applicable information is available
	Other Ingredient: Mixtures	No applicable information is available
(c)	CAS Number:	None
(d)	Impurities and stabilizing additives which are themselves classified and which contribute to the classification of the substance.	No applicable information is available
4	First Aid Measures	

SAFETY DATA SHEET

Revision: : 06.07.2016 SAP Product#: 071A-B10012/071AA-T2011-FL-ac

(a)	Description of first aid measures	No applicable information is available
(a) (b)	Most important symptoms and effects, both acute and delayed	
(c)	Indication of any immediate medical attention and special treatment needed	No applicable information is available
	- Inhalation	Remove to fresh air. If breathing is difficult, get medical attention.
	- Eyes	Immediately flush eyes water for at least 15 minutes lifting upper and lower lids. Get medical attention.
	- Skin	Wash skin with soap and water. If irritation develops or persists, get medical attention.
	- Ingestion	If person is conscious wash out mouth with water. Get medical attention.
5	Fire-Fighting Measures	
(a)	Suitable extinguishing media	Equipment: Respiratory protection Auto-ignition Temperature: In formulation: Not applicable Flammability: In formulation: Not applicable Extinguishing Media: Water spray. Carbon dioxide, dry chemical powder or appropriate foam.
(b)	Special hazards arising from the substance or mixture	Specific Hazard(s): Combustible liquid. Emits toxic fumes under fire conditions.
(c)	Precautions for fire-fighters	In formulation: Protective Equipment: Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.
6	Accidental Release Measures	
(a)	Personal precautions, protective equipment and emergency procedures	Use personal proactive equipment as indicated in section VIII.
	Environmental precautions	Wash spill site after material has been picked up.
(b)	Methods and material for containment and cleaning up	Sweep up, avoid raising dust, and transfer to a suitable waste container for disposal.
7	Handling and Storage	
(a)	Precautions for safe handling	Use with adequate ventilation. Avoid contact with eyes and skin, wash thoroughly after handling.
(b)	Conditions for safe storage, including any incompatibilities	Store in tightly closed container in cool, dry place.
8	Exposure Controls/Personal Protection	
(a)	OSHA permissible exposure limit (PEL),	No applicable information is available

	bringing ideas technology & resources together		
	American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available.		
(b)	Appropriate engineering controls.	No applicable information is available	
(c)	Individual protection measures, such as personal protective equipment.	Personal Protective Equipment: No respiratory equipment required. Hand: Compatible chemical resistant gloves recommended for prolonged handling. Eye: No precautions necessary if devices are handled in prescribed manner. General Hygiene Measures: Wash contaminated clothing before reuse. Wash thoroughly after handling.	
9	Physical and Chemical Properties		
	Information on physical and chemical prope	erties	
	Appearance:	Tan, crumbles	
(a)	Odour:	Slightly sour	
(b)	Odour threshold:	No applicable information is available	
(c)	pH:	No applicable information is available	
(d)	Melting point/freezing point:	N/A	
(e)	Initial boiling point and boiling range:	N/A	
(f)	Flash point:		
(g)	Evaporation rate:	No applicable information is available	
(h)	Flammability (solid, gas):	No applicable information is available	
(i)	Upper/lower flammability or explosive		
(j)	limits:		
(k)	Vapour pressure:	No applicable information is available	
(I)	Vapour density:	N/A	
(m)	Relative density:	No applicable information is available	
(n)	Solubility(ies):		
(o) (n)	Partition coefficient; n-octanol/water:	No applicable information is available	
(p) (a)	Auto-ignition temperature:	No applicable information is available	
(q) (r)	Decomposition temperature:	No applicable information is available	
(r)	Viscosity:		
	Explosive properties: Oxidising properties:	No applicable information is available No applicable information is available	
	Other information	Physical State: Solid (Cream/Light Brown Powder)	
10	Stability and Reactivity		

SAFETY DATA SHEET

Revision: : 06.07.2016 Product#: 071A-B10012/071AA-T2011-FL-ac

		bringing ideas technology & resources together.
(a)	Reactivity	No applicable information is available
(b)	Chemical stability	Stable
(c)	Possibility of hazardous reactions	No applicable information is available
(d)	Conditions to avoid	No applicable information is available
(e)	Incompatible materials	Strong oxidizing agents
(f)	Hazardous decomposition products	Carbon dioxide and Carbon monoxide
11	Toxicology Information	
(a)	SKIN CONTACT:	The chemical component of this lure may cause skin irritation upon prolonged contact.
	SKIN ABSORPTION:	Product may be absorbed through the skin upon prolonged contact.
	EYE CONTACT:	Product may cause eye irritation if directly rubbed in eye.
	INHALATION:	This product has very low release of chemical difficult to inhale.
	INGESTION:	Product could cause choking if swallowed.
(b)	Symptoms related to the physical, chemical and toxicological characteristics.	To the best of our knowledge, the chemical, physical and toxicological properties of active ingredient have not been thoroughly investigated.
(c)	Delayed and immediate effects and also chronic effects from short- and long-term exposure.	No applicable information is available
(d)	Numerical measures of toxicity (such as acute toxicity estimates).	No applicable information is available
(e)	Whether the hazardous chemical is listed in the National Toxicology Program (NTP) Report on Carcinogens (latest edition) or has been found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs (latest edition), or by OSHA.	No applicable information is available
12	Ecological Information	
(a)	Eco-toxicity	No data available.
(b)	Persistence and degradability	No data available.
(c)	Bio-accumulative potential	No data available.
(d)	Mobility in soil	No data available.
(e)	Other adverse effects	No data available.
	Disposal Considerations
