

Supersedes: 05/15/2019

Version: 1.3

SECTION 1: Identification	
1.1. Identification	
Product form	: Mixture
Trade name	: Zoecon Gentrol IGR Concentrate
Synonyms	: 37860A, 37880A, 100540535, EPA Reg. No.: 2724-351, Zoecon RF-259 Emulsifiable Concentrate
1.2. Recommended use and restriction	ions on use
Recommended use	: Insect growth regulator.
Restrictions on use	: Avoid contact with eyes, skin or clothing. Keep out of reach of children. Avoid inhalation of vapors or fumes. Do NOT take internally.
1.3. Supplier	
Wellmark International	
1501 E. Woodfield Road, Suite 200W	
Schaumburg, IL 60173 - United States	
www.zoecon.com	
1.4. Emergency telephone number	
Emergency number	: 1-800-248-7763 1-800-424-9300 - CHEMTREC 1.702 527 2987 - CHEMTREC - Outside Nerth America - Collect Colls Accorded
	1-703-527-3887 - CHEMTREC - Outside North America - Collect Calls Accepted
SECTION 2: Hazard(s) identification	
2.1. Classification of the substance	or mixture
GHS-US classification	
Skin corrosion/irritation Category 2 Serious eye damage/eye irritation Category Specific target organ toxicity (single exposur Aspiration hazard Category 1	
2.2. GHS Label elements, including	precautionary statements
GHS US labeling	
Hazard pictograms (GHS US)	: GHS07 GHS08
Signal word (GHS US)	: Danger
Hazard statements (GHS US)	: May be fatal if swallowed and enters airways Causes skin irritation Causes eye irritation May cause drowsiness or dizziness
Precautionary statements (GHS US)	<ul> <li>Avoid breathing dust/fume/gas/mist/vapors/spray. Wash hands, forearms and face thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection. If swallowed: Immediately call a poison center or doctor. If on skin: Wash with plenty of water.</li> <li>If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center or doctor if you feel unwell. Do NOT induce vomiting. If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. Store in a well-ventilated place. Keep container tightly closed.</li> </ul>
05/24/2040	Store locked up.
05/24/2019	EN (English US) Page 1

Safety Data Sheet

Dispose of contents/container to in accordance with local/regional/national/international regulations.

Other hazards not contributing to the lassification	<ul> <li>Under United States Regulations (29 0 product is considered hazardous.</li> </ul>	: Under United States Regulations (29 CFR 1910.1200 - Hazard Communication Standard), this product is considered hazardous.			
.4. Unknown acute toxicity (GHS U	US)				
Not applicable					
SECTION 3: Composition/Inform	nation on ingredients				
3.1. Substances					
Not applicable					
3.2. Mixtures

SECTION 9: Physical and chemical properties				
9.1. Information on basic physical and chemical properties				
Physical state	: Liquid			
Appearance	: Straw-colored liquid			
Color	: Straw-colored			

Safety Data Sheet

Odor	: Weak, neutral, paint-like
Odor threshold	: No data available
рН	: 7.29
Melting point	: Not applicable
Freezing point	: No data available
Boiling point	: No data available
Flash point	: 200 °F
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: Not applicable
Vapor pressure	: No data available
Relative vapor density at 20 °C	: No data available
Relative density	: 0.87 g/cc (7.3 lb/gal)
Solubility	: No data available
Log Pow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: < 50 cP
Explosion limits	: No data available
Explosive properties	: Not explosive
Oxidizing properties	: Not applicable

# 9.2. Other information

No additional information available

SECTION 10: Stability and reactivity
10.1. Reactivity
The product is non-reactive under normal conditions of use, storage and transport.
10.2. Chemical stability
Stable under normal conditions.
10.3. Possibility of hazardous reactions
No dangerous reactions known under normal conditions of use.
10.4. Conditions to avoid
Excessive heat > 110° F. Keep away from fire. Do not use this product in or on electrical portions of equipment due to the possibility of shock hazard.
10.5. Incompatible materials
Strong oxidizing agents.
10.6. Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### **SECTION 11: Toxicological information**

11.1. Information on toxicological effects

Zoecon Gentrol IGR Concentrate		
LD50 oral rat	> 5100 mg/kg	
LD50 dermal rabbit	> 2100 mg/kg	
LC50 inhalation rat (mg/l)	> 7.2 mg/l/4h	

GHS-US Properties	Classification
Acute toxicity (oral)	Not classified
Acute toxicity (dermal)	Not classified
Acute toxicity (inhalation)	Not classified
Skin corrosion/irritation	Causes skin irritation.
Serious eye damage/irritation	Causes eye irritation.
Respiratory or skin sensitization	Not classified

Safety Data Sheet

Germ cells mutagen	Not classified
Carcinogenicity	Not classified
Reproductive toxicity	Not classified
Specific target organ toxicant (single exposure)	May cause drowsiness or dizziness.
Specific target organ toxicant (repeated exposure)	Not classified
Aspiration hazard	May be fatal if swallowed and enters airways.

### Potential health effects

Inhalation	
Acute	: Causes drowsiness and dizziness.
Skin	
Acute	: Causes skin irritation.
Eye	
Acute	: May cause mild eye irritation.
Ingestion	
Acute	: Aspiration hazard - small amounts of liquid aspirated into the lungs during ingestion or from vomiting may cause chemical pneumonitis or pulmonary edema.
Mutagenicity	: (s)-Hydroprene is not a mutagen.
Carcinogenicity	: (s)-Hydroprene did not cause cancer in laboratory animal studies.
Reproductive Effects	: (s)-Hydroprene did not produce developmental or reproductive effects in laboratory animal studies.

## SECTION 12: Ecological information 12.1. Toxicity

(S)-Hydroprene (65733-18-8)	
NOEC (acute)	> 0.43 mg/l (Exposure time: 96h - Rainbow trout)

### 12.2. Persistence and degradability

No additional information available

#### 12.3. Bioaccumulative potential

No additional information available

### 12.4. Mobility in soil

No additional information available

#### 12.5. Other adverse effects

No additional information available

# SECTION 13: Disposal considerations

13.1. Disposal methods

Product/Packaging disposal recommendations : Disp

Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.
